

AccFino Subscription and Refund Policy

Effective Date: 28 May 2026 | Version 1.0

1. Subscription Plans

AccFino offers the following subscription tiers. All prices are in AUD inclusive of GST and are published at accfino.com/pricing:

- Vault (Free) — Dashboard and CSV reconciliation, free for 6 months
- Individual Modules — Trading, Cash Flow, Invoice (billed individually)
- Full Bundle — all modules at a bundled rate
- Opus (Premium) — complete suite at the best value rate

Open Banking is unlocked for all paid plan subscribers automatically.

2. Billing

Monthly plans are billed on the same date each calendar month. Annual plans are billed once per year and attract a 17% discount versus monthly billing. Billing is managed through Stripe. AccFino does not store your credit card details.

GST invoices are automatically generated and emailed to your registered email address on each billing date.

3. Free Trial and Vault Plan

The Vault plan is available free of charge for 6 months from account registration. No credit card is required for the Vault plan. After 6 months, the Vault plan continues with basic feature access. Unlimited CSV reconciliation and premium features require a paid plan.

4. Upgrades and Downgrades

You may upgrade your plan at any time. Upgrades take effect immediately and are billed on a pro-rata basis for the remainder of the current billing period. Downgrades take effect at the end of the current billing period. Module access is adjusted accordingly.

5. Cancellation

You may cancel your subscription at any time through account settings. Cancellation takes effect at the end of the current billing period. You will retain access to paid features until the end of your paid period. After cancellation, your account reverts to Vault (free) tier. Your data is retained for 30 days after which it may be deleted.

6. Refunds

AccFino operates a no-refund policy for monthly subscriptions except as required by the Australian Consumer Law (ACL). For annual subscriptions, a pro-rata refund of unused months may be requested within 14 days of the annual billing date by contacting billing@accfino.com.

Where AccFino has caused a material service failure (e.g. extended downtime exceeding 72 consecutive hours), a service credit equivalent to affected period may be applied at AccFino's discretion.

Nothing in this policy limits your rights under the Australian Consumer Law.

7. Price Changes

AccFino may adjust subscription pricing with 30 days written notice to active subscribers. Price changes do not apply to the current billing period in which notice is given. Continuing to use AccFino after the notice period constitutes acceptance of the new pricing.

8. Failed Payments

If payment fails, AccFino will retry the charge after 3 and 7 days. If payment remains unsuccessful after 7 days, paid module access will be suspended. Your data is retained during suspension. Reactivation is available upon successful payment.

9. Contact
